Our approach to each assignment adheres to the highest standards of service excellence and embraces focussed research techniques, proven market assessment practices and sophisticated financial modelling. Our assessments are supported by the most recent Statistics Canada age specific census and other data. Our analysis process ensures that all factors likely to impact the success of a particular operation are fully examined and understood.

CONSULTING

Market and Financial Feasibility Assessments

The market and financial feasibility process for care facilities requires a critical assessment of the market area and its particular supply and demand characteristics, health care dynamics, demographics, economics and development trends. A thorough knowledge of the facility requirements, both from a regulatory perspective and from the perspective of the senior, seasoned by twenty years of experience, result in a solid market feasibility assessment. Our experience in overseeing the operations of care facilities and in working with operators, coupled with our market knowledge and sophisticated projection models ensures a thorough financial feasibility.

We do not own or manage any facilities and are therefore able to maintain the independence and objectivity required in the feasibility process.

Operational and Financial Diligence Reviews

Care Planning Partners has conducted a number of operational, market and marketing reviews for both lenders and owners in the care industry to enhance the ultimate viability and value of the homes and has advised clients and provided due diligence support in the acquisition of care facilities.

Working closely with financial, legal, accounting and tax professionals, Care Planning Partners provides efficient and cost effective financial consulting. Our consultants have successfully

OUR MISSION

We are committed to providing information and knowledge to empower both providers and consumers of care services and accommodation.

undertaken numerous assignments including financial structuring and analysis as part of a Limited Partnership Offering for an Intermediate Care facility in British Columbia and a number of retirement facilities in Ontario.

Expert Witness

Care Planning Partners has provided "expert witness" submissions for a number of residential retirement projects and at Municipal Board hearings.

CARE SURVEY

Care Planning Partners has conducted a number surveys of residential retirement and long term care homes in the provinces of Ontario, British Columbia and Alberta.

The survey provides insight into the residential retirement and long-term care markets in the province, including the number of residential suites and long-term care beds, overall occupancies, supply and demand growth, ranges of rates and amenities and care provided. as well as detailed profiles of their residents.

The Care Survey provides us and our clients with the most comprehensive insights of retirement and long term care homes in these Provinces.

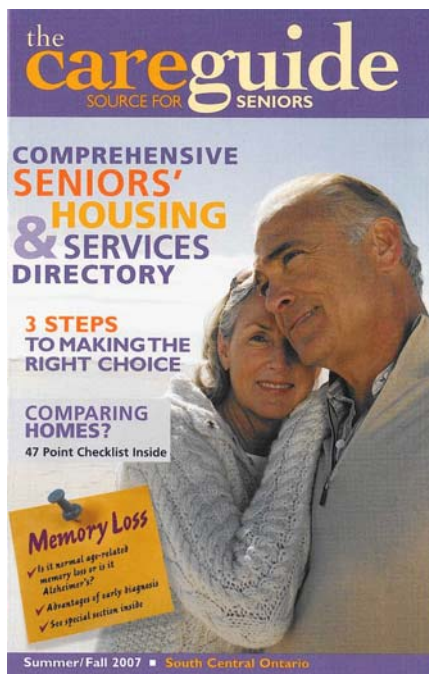

Our most recent “global” survey was for the Government of Ontario, for which we undertook a survey of retirement residences in their research to understand the scope of the industry and the level of support it provides to residents, as part of their efforts at regulating the sector.

The Care Guide and the Care Guide.com

The Care Guide offers a complete resource for seniors, their families and advisors through a comprehensive guide of care and housing choices both on the internet and in a published guide.

The Internet is the fastest and most comprehensive information source and communications medium in the world. TheCareGuide.com is a resource of care homes and in-home services on the World Wide Web, providing a wealth of knowledge, both to those seeking care accommodation and services, and to their advisors, making the search for the appropriate care easier. TheCareGuide.com includes listings of all care homes and in-home services, as well as informative insights.

Like the Care Guide.com, the published directory is a comprehensive guide to care and housing choices and ***the official directory of the Ontario Retirement Communities Association.*** Published annually, with a circulation of over 300,000 annually across Ontario, BC and Alberta, it is distributed to Health Regions, pharmacies, physicians, seniors' clubs and to individuals who request it through a 1-800 number.

THE PROFESSIONAL STAFF

Fred Schleich, C.A., President

Fred has consulted to the care industry since 1990. He formed **Care Planning Partners** in the fall of 1993. A thorough knowledge of the residential retirement market and of the market and financial feasibility process, coupled with a strong financial background, enables him to bring a wide spectrum of experience to clients.

He is a Chartered Accountant having obtained his professional designation with Coopers & Lybrand in 1974 and is a graduate of the University of Toronto (1968) with a Bachelor of Science degree.

Fred was with Coopers & Lybrand (now PricewaterhouseCoopers) for ten years, largely in the accounting and auditing practice, specializing in financial services, real estate and insurance, with experience in hospitals, having audited Sunnybrook Hospital.

He joined Walwyn Inc, the first Canadian Investment dealer to go public, where he was Senior Vice President, Treasurer and Director and was a member of the management committee, with responsibility for financial reporting, treasury, human resources, office services and the client service departments for the firm's premier investment account and for its tax products. He was responsible for several mergers, acquisitions and divestitures and in taking the company public. With a strong background in systems and procedures, he was instrumental in starting the systems and internal audit departments and in the design of the systems relating to the firm's Asset Management Account and Self Invested RRSP Account, both the first of their kind in Canada.

Fred also served as President and a Director of The White Light Hospice Foundation (1991 to 1999), a charitable foundation dedicated to establishing a free standing in-patient hospice for terminally ill cancer patients, and as president was instrumental in starting a respite and day care hospice centre.

Derek Mercey, H.B.B.A., Vice President

Derek graduated with a degree in Honours Business Administration from Wilfrid Laurier University in Waterloo, Ontario. During his studies, he also worked as a youth caregiver in a Home for Special Care. Assisting in the development and implementation of residential care programs for dually-diagnosed youths, Derek achieved a hands-on appreciation of the processes involved in the provision of care services.

In 1992 and 1993, he gained valuable experience in the residential and long term care industries as a co-op intern conducting our Care Surveys. In 1994, Derek joined Care Planning Partners, sharing Fred's vision of service excellence and commitment to the care industry.

Derek was also Treasurer of the White Light Hospice Foundation, a charitable group striving to build a free-standing hospice for terminal cancer patients and currently serves as commercial chairman for the Ontario Retirement Communities Association and is Vice Chair of the Peel Advisory Working Group on Older Adults Housing (PAWGOAH) .

Zachary S. Gill, BBA, Senior Analyst

Zack graduated from the Schulich School of Business at York University in 2001, where he received his Bachelor of Business Administration with a concentration in marketing and a minor in Psychology.

Prior to joining Care Planning Partners in 2006, Zack worked as an analyst in the publishing industry and as a project manager in the automotive sector.
